CLC's Tech Gear Series brings innovation to the jobsite. Whether you're an HVAC technician, electrician, plumber, or maintenance repair professional, the seamless integration of lights, audio or power distribution is sure to be a helpful convenience on any job. Tech Gear's LED lighted tool bags help you see into your bag or finish a project when light is scarce. The audio bag lets you enjoy your music without the hassle of hauling around a separate speaker device. Our power distribution bag creates a centralized power outlet while organizing power cords and charging your devices. We've designed and built Tech Gear bags to be the next generation of tool storage.

APRONS AND COMBOS

THE INDUSTRY

STANDARD

BALLISTIC POLY > POLYESTER > LEATHER

General contractor, carpenter, electrician, construction worker, we make an apron or combo that will fit your needs. Packed with features, our tool belts are depended upon by more tradesmen than any other brand. They appreciate CLC's quality, value, and features, like our patented pouch handles, our gusset pocket design, variety of pouches, belts, and tool holders. We're always thinking about how the job gets done, and we build our belts accordingly.

CHEMICAL / DISPOSABLE

When handling chemicals, it's always a good habit to wear the appropriate gloves and eye protection. We carry a number of chemical resistant gloves, both reusable and disposable. Matching the type of glove to the chemical exposure is key. We make gloves of PVC, Nitrile, Latex and Neoprene, in coverage lengths from wrist to gauntlet to elbow, so the correct glove can be chosen for the required application.
