

SAVAGETM

by **SWANSON**[®]

...for a lifetime
of accuracyTM

...Where it all began

Developed in 1925 by a carpenter named Albert J. Swanson, the Swanson® Speed® Square was a time-saving innovation that made quick work of determining the angular pitch of a roof. As fellow tradesmen began to appreciate the ingenuity of his idea, demand for the work-saving tool began to grow, and in 1930 the Swanson® Speed® Square was first sold in interstate commerce. By 1945, Swanson started Swanson® Tool Company, Inc., to manufacture and

sell the Swanson® Speed® Square through recognized channels of distribution. Mr. Swanson's son Ronald assumed control of the company in 1971 and added other innovative, quality tools to the line. Soon Swanson® grew to become an industry leader and under the direction of the Allemand Family, who purchased the company in 1989, the

Swanson® product line has been upgraded and expanded to meet the changing needs of loyal customers, contractors and do-it-yourself enthusiasts. It is with this spirit of innovation and quality that we are proud to present our

newest line of tools – SAVAGE™. Engineered and designed in the U.S.A. to meet or exceed the most stringent industry standards. The SAVAGE™ product line utilizes 85 years of expertise and innovation, to become the ULTIMATE tools with a lifetime of accuracy!

The **EVOLUTION**

ULTIMATE **ACCURACY**

Precision Machined

Edges machined absolutely true and accurate

Laser Etching

Guarantees accuracy and reads easier

.029° Vial Accuracy

Sealed top & bottom working vials will not lose accuracy - EVER!

ULTIMATE **DURABILITY**

Gelshock™ Endcaps

Designed to withstand the most severe drops

80% Stronger

Extruded boxed aluminum frames

Anodized Finish

For a lifetime of durability and lasting looks

ULTIMATE **INNOVATION**

Digital Readout

For absolute accuracy!

Continuous Rails

For uninterrupted scribes the full length of the level

ThumbGuard™

Raised lip prevents knife from jumping

SAVAGETM
by SWANSON

See the light...

Never struggle to read your level again! These Lighted Box Beam levels allow quick, accurate reads- even in the darkest, most cramped situations. Powerful LED lights provide illumination in all 3 vials and automatically turn off after 10 minutes. Truly an innovation.

Illuminated LEVELS

Multi-Ring Vials
quickly & easily
determine pitch of
grade or slope

**Precision
Machined Edges**
for improved accuracy

Diamond™ Bumpers
grip material surface
and eliminate marring

Vial Lighted System
single button activation

029° Vial Accuracy
for maximum accuracy

**Acrylic
Block Vials**
are extremely
durable

Continuous Rails
For uninterrupted scribes
the full length of the level

SuperShock® Endcaps
Absorbs shock to withstand
severe drops

10 Minute Shut-Off
Saves battery life

80% Stronger!
Extruded boxed aluminum
frames

NON MAGNETIC

Model #	Length
SVLB24	24"
SVLB48	48"

ULTIMATE ACCURACY & DURABILITY

Continuous Dual Rail Frame
allows for continuous scribes
without frame interruption while
adding protection to the 0° vial

80% Stronger SAVAGE™ Strength Frame
resists twisting and
bending to ensure
the longest life

Precision Machined Edges
for improved accuracy

Diamond™ Bumpers
grip material surface
and eliminate marring

029° Vial Accuracy
for maximum accuracy
in top and bottom
positions

Multi-Ring Vials
quickly & easily
determine pitch of
grade or slope

Super-Strong Neodymium Magnets
provide the strong magnetic
hold to metal surfaces
(magnetic models only)

Acrylic Block Vials
are extremely
durable

Gelshock™ End Caps
silicone gel
absorbs shock
to withstand
severe drops

80% Stronger!
Extruded boxed aluminum frames

Continuous Rails
For uninterrupted scribes
the full length of the level

ULTIMATE ACCURACY & DURABILITY

SVT200 - 9" DIGITAL TORPEDO LEVEL

**4 Strong Neodymium
V-Grooved Magnets**

- ◆ .01° digital readout
- ◆ **3X** stronger for lifetime durability
- ◆ Green backlight, auto-correcting screen for top and bottom reading

TLL049M - 9" LIGHTED TORPEDO LEVEL

- ◆ 4 strong neodymium magnets
- ◆ **3X** stronger for lifetime durability
- ◆ 3 vial lighted system for maximum visibility

SVT011 - 11" ALUMINUM TORPEDO LEVEL

- ◆ 4 strong neodymium magnets
- ◆ **3X** stronger for lifetime durability
- ◆ 3 display modes – degrees, percent of grade & pitch
- ◆ Shock absorbing end caps

TL043M - 9" ALUMINUM TORPEDO LEVEL

- ◆ 4 strong neodymium magnets
- ◆ **3X** stronger for lifetime durability
- ◆ 4 leveling vials for conduit bends

TL041M - 6" ALUMINUM TORPEDO LEVEL

- ◆ 4 strong neodymium magnets
- ◆ **3X** stronger for lifetime durability
- ◆ 4 leveling vials for conduit bends
- ◆ Unique Tri-Loc[®] conduit clamp

ULTIMATE ACCURACY & DURABILITY

SQUARES

SVV150 - T-BEVEL

- ◆ Unique locking mechanism allows bevel to be used both ways
- ◆ Precision etching for ultimate accuracy
- ◆ Rubber cushioned handle

SVC133 - 12" COMBINATION SQUARE

- ◆ Precision etching for ultimate accuracy
- ◆ **2X** stronger solid billet aluminum head for lifetime durability
- ◆ Magnified acrylic block vial

SVR149 - TRY SQUARE

- ◆ Precision etching & unique kick stand for ultimate accuracy
- ◆ Exclusive scribe bar marks every 1/8"
- ◆ Rubber cushioned handle

SVL123 - BUILDERS SQUARE

- ◆ Precision laser etching for ultimate accuracy
- ◆ Anodized for a lifetime of durability
- ◆ Reverse reading scale for quick layouts

SVW124 - WALLBOARD SQUARE

- ◆ Oversized body resists twisting and bending for improved product life and accuracy
- ◆ 5 stainless steel rivets
- ◆ Body is 3/16" thick

ULTIMATE ACCURACY & DURABILITY

**With NEW
NO SLIP GRIPTM
Backing**

NO-SLIP STRAIGHT EDGES

- ◆ SAVAGETM strength aluminum for maximum durability
- ◆ ThumbGuardTM raised edge prevents blade from accidental contact with fingers
- ◆ No-Slip GripTM backing prevents edge movement while cutting for greater accuracy
- ◆ Laser Etching guarantees accuracy and reads easier
- ◆ Anodized Finish for a lifetime of durability and lasting looks

Model #	Length
SVE240	24"
SVE360	36"
SVE480	48"
SVE720	72"
SVE960	96"

Folding SAW

SVK666 FOLDING JAB SAW/UTILITY KNIFE

- ◆ Jab saw works with any reciprocating saw blade for easy cutting of different materials
- ◆ Jab saw locks in two cutting positions & folds into handle for safe storage
- ◆ Other end includes lock-back utility knife – folds into handle for safe storage

Twist-open for
changing saw blade.

Changing
blades is easy.

ULTIMATE ACCURACY & DURABILITY

Swanson® SAVAGE™ products are engineered and designed in the U.S.A. to meet or exceed the most stringent industry standards – the ultimate in durability our products will provide a lifetime of accuracy.

SAVAGE™ Level Guarantee: Swanson Tool Co., Inc. guarantees to the original purchaser only that Swanson's SAVAGE™ Level products will maintain their stated accuracy for life. The vials on all SAVAGE™ Levels will not decrease from their stated accuracy, EVER! If they do, Swanson® will replace with a new level. Bent, twisted or damaged levels void the guarantee. For details to make a claim under this guarantee, please contact Swanson® at (815) 469-9453.

Limited Lifetime Guarantee: Swanson Tool Co., Inc. guarantees to the original purchaser only that Swanson's SAVAGE™ products will be free from defects in the material and workmanship for the life of the product. Swanson's sole liability and purchaser's sole and exclusive remedy under this Limited Lifetime Guarantee shall be the repair or replacement, at Swanson's sole discretion, of any product that Swanson® determines is defective in material or workmanship. In no event shall Swanson® be liable for any incidental or consequential damages (including liability for loss of profits or other damages) arising from the sale or use of the product. All implied guarantees shall be limited in duration to one year from the date of first purchase, to the extent applicable. For details to make a claim under this Limited Lifetime Guarantee, please contact Swanson® at (815) 469-9453.
