AGRICULTURAL FENCING PRODUCTS

If farms, fields and pastures could talk, they'd ask for FarmGard® branded agricultural wire fencing products by name. FarmGard® branded agricultural fencing and accessories don't just talk-the-talk, they walk-the-walk. When seeking the most effective solutions to confining and protecting livestock and property, you can trust the FarmGard® name. Products Include: FarmGard® Field Fence, Farm-Gard® Horse Fence, FarmGard® Electric Fence Wire, Galvanized Smooth Wire, Black Annealed Wire, Rebar Ty Wire, Fence Stays, and FarmGard® Barbless & Barbed Wire.

“FarmGard® branded agricultural fencing and accessories don't just talk-the-talk, they walk-the-walk.”

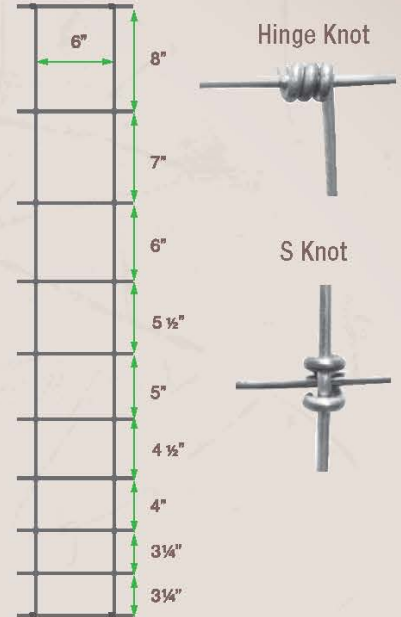

FIELD FENCE

FarmGard® multi-purpose Field Fence is up to the challenge of corralling livestock such as cattle, hogs, sheep, and ratites. Special expansion crimps enable this product to expand and contract with weather changes and to stretch and conform to land contours.

- Graduated height of vertical wire openings prevents animal hooves from stepping through
- Hinged wire construction adds strength and flexibility
- Galvanized zinc coating (available Class 1) for extended life¹
- 12 ½ (or 11) gauge fill wire and 10 (or 9) gauge top and bottom wire minimizes sagging
- 3 wraps on the top and bottom wire for maximum strength
- Available in 32', 39', and 47' heights - 330' length

- Meets or exceeds ASTM A116-05 standard for metallic-coated, steel-woven fence fabric
- Meets or exceeds ASTM A641 / A 641M standard for zinc-coated galvanized carbon steel wire

	MAT Item Number	Size	Master Pak Qty	UOM	Each Wt	Master Pak Wt	Pallet Qty	UPC Code Number

* Not carried in all markets. Inquire for availability.

¹ Class 1 – minimum 0.28 oz. of zinc coating per sq. ft. of surface
As defined by ASTM-A-116-05

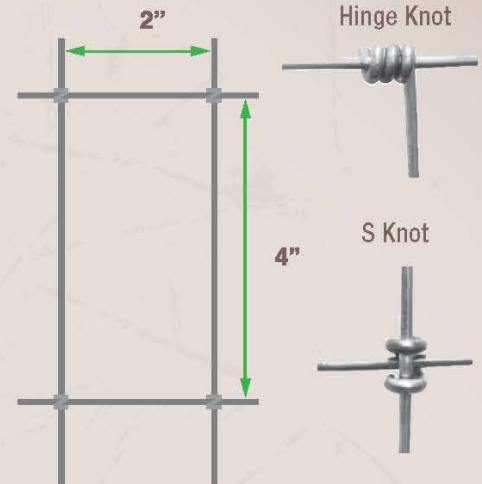

HORSE FENCE

- Meets or exceeds ASTM A116-05 standard for metallic-coated, steel-woven fence fabric
- Meets or exceeds ASTM A641 / A 641M standard for zinc-coated galvanized carbon steel wire

FarmGard® Horse Fence is designed to safely protect and confine horses and other hoofed animals.

- Time-tested, non-climbing 2x4 in. mesh flexes to minimize the potential for leg injuries
- Fixed knot design and 12.5 gauge fill wire maintains rigidity
- Galvanized zinc coating (available Class 1) for extended life¹
- 10 gauge top and bottom wire resists sagging
- Built with pride in the U.S.
- Roll Sizes: 100 ft. in 3 thru 6 ft. heights; 200ft. rolls available in 4 ft. height only

¹ Class 1 – minimum 0.28 oz. of zinc coating per sq. ft. of surface

HIGH TENSILE SMOOTH WIRE

- Meets or exceeds ASTM A 854 / A and 854 M-94 for high tensile smooth wire

MAT Item Number	Gauge	Size	Master Pak Qty	UOM	Each Wt	Master Pak Wt	Pallet Qty	UPC Code Number	Feet Per Coil
*317579A	12 ½	100# Coils	10	Coil	100.7	1007	-	0 99713 03051 0	4000
*317578A	12 ½	50# Coils	10	Coil	50.2	502	-	0 99713 03166 1	2000

- Superior strength grade vs. our standard Smooth Wire
- Used most often in agricultural applications.
- Class 3 galvanized for extended life

ELECTRIC FIELD FENCE

MAT Item Number	Gauge	Size	Master Pak Qty	UOM	Each Wt	Master Pak Wt	Pallet Qty	UPC Code Number	Feet Per Coil
317774A	14	¼ mile	2	Each	23.4	46.8	48	0 99713 00940 0	1320
317772A	14	½ mile	2	Each	45.7	91.4	48	0 99713 00939 4	2640
317754A	17	¼ mile	2	Each	11.2	22.4	120	0 99713 00914 4	1320
317752A	17	½ mile	2	Each	21.4	42.8	120	0 99713 00937 7	2640

- Ideal for rotating grazing
- For low cost fencing - permanent or temporary
- Galvanized for corrosion resistance
- Available in 14 and 17 gauge
- 1/2 and 1/4 mile length

BLACK ANNEALED WIRE

MAT Item Number	Gauge	Size	Master Pak Qty	UOM	Each Wt	Master Pak Wt	Pallet Qty	UPC Code Number	Feet Per Coil
317627A	9	10# Coils	1	Coil	10.0	10	-	0 99713 01722 1	170
317624A	12 ½	10# Coils	1	Coil	10.0	10	-	0 99713 01723 8	392
317677A	9	100# Coils	1	Coil	100.0	100	-	0 99713 01724 5	1705
317676A	10	100# Coils	1	Coil	100.0	100	-	0 99713 01725 2	2057
317675A	11	100# Coils	1	Coil	100.0	100	-	0 99713 01727 6	3924
317673A	14	100# Coils	1	Coil	100.0	100	-	0 99713 01728 3	5858
317672A	16	100# Coils	1	Coil	100.0	100	-	0 99713 01729 0	9598

- A softer, flexible wire for tying and bundling
- For use with rebar in concrete applications
- Annealing process (hot and cold treatments) makes wire less brittle and more flexible
- Non-galvanized, more economical

317572A	16	100# Coils	1	Coil	100.0	1000	-	0 99713 01712 2	9598

- Multi-use single strand wire
- Ideal for tying, fastening, hanging and bundling
- Use for shed, shop, home and farm applications
- Class 3 galvanized for high resistance to rust/corrosion
- Non-annealed
- 10 lb. and 100 lb. coils

* Not carried in all markets. Inquire for availability.

REBAR TY WIRE

MAT Item Number	Size	Master Pak Qty	UOM	Each Wt	Master Pak Wt	Pallet Qty	UPC Code Number
901130A	3.5# Coils	10	Roll	3.6	36	48	0 99713 00938 7

- Made from softer, more flexible annealed wire
- Easy to twist
- For use with rebar in concrete applications
- 3.5 lb. coils packaged ten per carton

FENCE STAYS

MAT Item Number	Size	Master Pak Qty	UOM	Each Wt	Master Pak Wt	Pallet Qty	UPC Code Number
901083A	36"	100	Each	0.34	34	3600	0 99713 91083 6
901084A	42"	100	Each	0.38	38	3600	0 99713 91084 3
901085A	48"	100	Each	0.42	42	3600	0 99713 91085 0

- Keeps barbed wire fence evenly spaced
- Galvanized for corrosion resistance
- Reduces the necessity of fence posts; Lowers costs
- 100 fence stays per pack

BARBED & BARBLESS WIRE

FarmGard® two and four point barbed wire is an economical solution to a variety of containment needs or to discourage unauthorized entry. Our barbless wire is also a multi-purpose, economical option for the confinement of thinner skinned animals or where barbed wire is prohibited.

BARBED

- Sharp two- or four-point barb options spaced every five inches
- Heavy-duty metal carrier for safe, convenient transport. Designed for easy unrolling
- Two options: Class 1, 12.5 gauge and Class 3, 15.5 gauge
- Use fence stays to keep barbed wire neat and evenly spaced
- Use with chain link or other fencing barriers for heightened security
- Available in 1,320 ft. rolls

BARBLESS

- Ideal for horses or locations where barbed wire is banned
- Made from Class 1 galvanized, 12.5 gauge double strand smooth wire that can be electrified
- Available in 1,320 ft. rolls and stored on a metal carrier for convenient transport, storage and unrolling

• Meets or exceeds ASTM A116-05 standard for metallic-coated, steel-woven fence fabric
 • Meets or exceeds ASTM A641 / A 641M standard for zinc-coated galvanized carbon steel wire

FENCE POSTS AND ACCESSORIES

In addition to our large assortment of agricultural wire fencing, Midwest Air Technologies, Inc. manufactures a compatible line of posts to finish your job. With years of proven know-how, nobody understands your accessory needs better than FarmGard®. Nobody!

Products Include: T-Posts, U-Posts, Earth Anchors, Silt Fence, Fence Post Drivers, and Fence Post Clips.

**“With years of proven know-how,
nobody understands your fence post
needs better than FarmGard®.”**

FENCE POSTS T-POSTS

Our T-Posts rate among the highest quality sold in the U.S. and provide excellent performance and service for residential, farm, industrial, and commercial applications.

- Two coats of protective enamel with exclusive prime coat finish for maximum rust protection
- Manufactured for superior strength
- Beige top signifies FarmGard® quality and provides better night visibility†
- Studded design adds strength to post, secures fence fabric and prevents slippage of T-Post clips and insulators
- Rugged, tight welded anchor plate minimizes sideways or rotational movement

- Our posts far exceed the ASTM A702A spec which requires a minimum tensile of 80,000 PSI
- Elongation levels are well within the ASTM A702 spec for acceptability and performance
- Hardness far exceeds the ASTM A702 standard
- Yield strength is well above the ASTM standard
- No signs of "Red Rust" are visible at 100 hours of salt spray exposure

FENCE POSTS U-POSTS

- For garden, light farm and residential use
- Powder coated steel finish
- U-channel construction provides maximum strength along with riveted anchor plate
- Notched design for securing fence to post
- Designed with a riveted or welded anchor plate to minimize lateral movement
- Use with fence post driver to pound into ground
- Suggested spacing of 5 to 10 ft. depending on fence type
- Can be used to post warning signs

RESIDENTIAL FENCING PRODUCTS

Along with our agricultural fencing applications, YardGard® has a history of innovative residential fencing solutions. YardGard® has been anticipating the needs of the residential fencing marketplace for longer than anyone. Products Include: Hardware Cloth, Welded Wire, Garden Fence, Economy Fence, Poultry Netting and Rabbit Netting under the registered name YardGard®; and Tomato Fence under the TomatoGard® name.

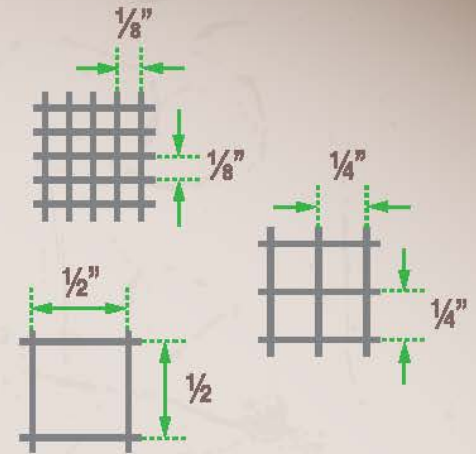

“YardGard® has been anticipating the needs of the residential fencing marketplace for longer than anyone.”

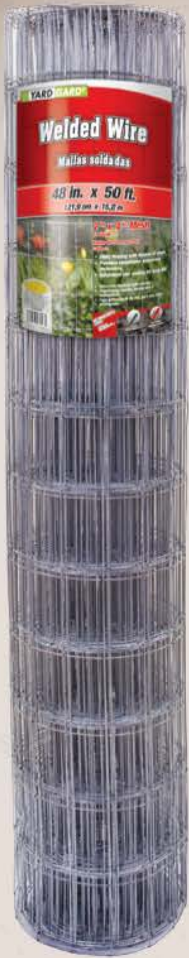

YARD GARD® HARDWARE CLOTH

- Ideal for screen doors, gutter guards, animal control, cages, tree guards, gardening applications, craft projects and more
- Lightweight, flexible and economical
- Double zinc coated for maximum rust resistance
- Available in three gauges: 19, 23, and 27
- Choose PVC color option for a more environmentally pleasing appearance and additional weather protection

GALVANIZED WELDED WIRE

- Ideal for inexpensive temporary confinement applications
- A general purpose fence providing strength and stability
- Ideal for property delineation, confinement of non-aggressive animals, drain guards, fencing for backing split fence rail and more
- Class 1 galvanized zinc coating for long-life
- Available in 25', 50' and 100' rolls and 12 1/2, 14, and 16 gauges
- 2', 3', 4', 5', and 6' heights and variety of mesh sizes

PVC WELDED WIRE

- All the benefits of welded wire but coated to enhance longevity and appearance
- Adds a rich look by complimenting natural surroundings
- A versatile, lighter weight and economical solution to ornamental fencing

- Virtually maintenance free
- Uniformly galvanized prior to coating for reinforced rust and wear protection
- Available in 2" x 4" mesh, and 2" x 3" mesh

GARDEN FENCE (RABBIT FENCE)

- Specifically designed to keep out rabbits and other nuisance varmints
- Horizontal wire spacing gets progressively closer near the ground where protection is needed most (4-2-1 in.)
- Upper horizontal wire spacing allows hands to pass through
- This lightweight galvanized wire is an excellent temporary barrier around trees, bushes and flowers
- Vinyl coated option blends more naturally into surroundings

POULTRY NETTING

A favorite of farmers, pet owners and gardeners, and recognized by its trademark hexagon mesh weave. An economical, lightweight netting often used in pens to confine poultry, rabbits and other small animals.

- Other popular uses include plant protection and support, soil erosion prevention and compost pile confinement
- Made of strong but surprisingly flexible 20 gauge steel
- Galvanized prior to weaving for longer-lasting rust protection
- Each roll individually shrink-wrapped for product protection
- PVC option enhances product longevity and appearance

PLASTIC PRODUCTS

Plastic fencing has unique advantages making it an ideal choice for select applications.

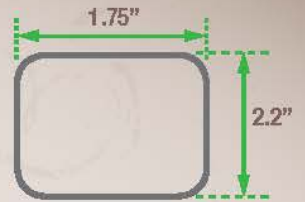

- Economical
- High visibility and landscape blending colors
- Lightweight for easier transport
- Easy installation and tear-down
- UV resistant
- Rust, rot and corrosion resistant
- Perfect for short-term applications

ORANGE

PLASTIC BARRIER FENCE

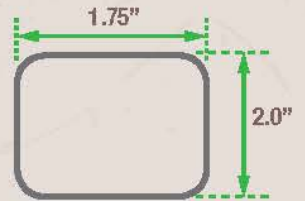

Provides a high visibility safety and warning system around construction sites, newly poured concrete or other potentially unsafe areas. Other uses include crowd control and property delineation.

BLACK

PLASTIC SILT FENCE

Contractor-grade silt fence is one of the most economical and effective "temporary" sediment control devices available today. Installs quickly when short notice is given. Best utilized for open construction and residential development sites. Helps contractors meet health, safety and environmental mandates at construction sites.
